

Buzz

I've got to fly,
Just buzz on by.
My friend to see
So sick is she.

She is a fright!
A parasite
Had gotten in
To my best friend.

They say that she
Can infect me,
But, I want her
To recover.

Pass out the nets
With no regrets.
We'll stop the spread
Of what we dread

My friends and I
Would like to fly
Around this area,
No more Malaria!
